STREET CAR STRIKE IN OKLAHOMA CITY

Oklahoma City, Ok., March 5.—Every street car on the Oklahoma Street Railway Company system here stopped running at 10 o'clock Sunday morning. The trolley ropes were cut by the crews and the cars left standing with passengers aboard. About 260 men struck, following the refusal of the Oklahoma Street Railway Company to recognize their union and grant them an increase in wages and better working hours.

It was all very quiet, and though thousands of strike sympathizers thronged the down town streets where the cars were deserted by their crews, there was no violence or other demonstrations. Imported strike-breakers took charge of the cars and ran them to the car barns, where they remained all day. No attempt was made to run cars throughout the remainder of the day. Cars on the Patterson line, which is an independent concern are running, the management having recognized the newly formed union and signed up the wage scale demanded.

Charles L. Daugherty, state labor commissioner, was notified by Mayor Dan V. Lackey of the strike early in the day and immediately sent a letter to Anton H. Classen, president of the street railway company, ask-

ing him to hold a conference for the purpose of arbitrating the controversy.

Says Company Won't Arbitrate.

Later in the day Mr. Classen announced that the company will not arbitrate, will not recognize the union and furthermore that it will start operating its cars at 5:30 o'clock Monday morning.

"I'm opposed to the car men's union," Mr. Classen declared. "And I will throw every one of my lines into the ditch before I will recognize their organization. I have ordered all cars to the barns today, but I will run them tomorrow, and I will look to the city for protection."

Mayor Lackey at once sought Gov. Cruce. The mayor realizes the police force would be inadequate to cope with the situation should rioting occur, which every one seems to believe is likely in the event an attempt is made to operate cars with strike-breakers. About 300 men are said to have been imported. Gov. Cruce declared he will not call out the militia unless it becomes absolutely necessary.

Medal Contest at Methodist Church Tonight.

This evening at 8 o'clock the W. C. T. U. will hold another silver medal contest at the Methodist church. A good program has been arranged and everyone is invited to be present.

GUTHRIE GETS EPWORTH UNIVERSITY

Guthrie, Okla., March 3.—The Guthrie Chamber of Commerce was authorized by the citizens' mass meeting last night to accept the proposition made by the management of Epworth University, now located at Oklahoma City, by which it will be located in Guthrie, being housed in the convention hall, which until recently was used here as a state capitol. The institution becomes here the state school of the Methodist Episcopal, or Northern Episcopal church.

The Chamber of Commerce also closed a deal today whereby a steel rolling mill will be located here immediately.

ODD FELLOWS CONSOLIDATE.

Oklahoma and Indian Territory Jurisdictions Will Merge.

Oklahoma City, Ok., March 5.—The consolidation of the Oklahoma and Indian Territory jurisdictions of Odd Fellows will take place at Oklahoma City in April.

George A. Henshaw, grand master of the Indian Territory jurisdiction, received a letter from John B. Cockrum, grand sire of Indianapolis, Ind., informing him that he had appointed J. B. A. Robertson of Chandler, Ok., deputy grand sire to carry into effect the terms of agreement of consolidation.

This will perhaps be the greatest meeting of Odd Fellows that was ever held in the new state. The Oak Cliff degree staff of Dallas, Tex., which exemplifies the degrees with a realistic dramatic performance, is composed of about 100 members, with about 1,400 different pieces of scenery and regalia. The exemplifying of the degree work will be exclusive to Odd Fellows, but during the second night they will produce the play known as "The Holy City," which will be for the public. This will be of special interest to Odd Fellows and the entire public.

The grand lodge of Indian Territory will meet at McAlester on April 11 for a two days' session to conclude its business and will adjourn to come to Oklahoma City in a body on a special train, arriving on the morning of the 14th. The Oklahoma grand lodge will be in session in Oklahoma City at that time.

PASSING OF THE "LITTLE RED SCHOOL HOUSE"

Oklahoma City, March 4.—It appears that the "little red school house" in Oklahoma will soon become an institution of the past known only in song and story, and in its place there is to be built a modern high school where every country boy and girl in the state will have the opportunity to secure a complete high school education without having to leave the environment and influences of the home.

A bill appropriating two million dollars for the purpose of assisting in the construction of rural high schools has been passed by the House of Representatives and will in all probability be enacted by the senate. Other legislation now pending will make it easy for the school districts to consolidate and the money given by the state will encourage the immediate formation of these consolidated or union rural schools.

The money made available, if this bill becomes a law, will be used to assist the consolidated districts by paying one-half of the cost of erecting the school building, provided that the amount does not exceed \$2,500. The district that participates in the benefit of this fund must embrace a territory of at least 25 square miles. By having large districts able principals and competent teachers can be secured without much additional expense to the patrons, and the farmers' children will have the same advantage of graded school work and competent teachers now possessed only by those who can attend the city schools.

This legislation is in line with the platform of State Superintendent Wilson in the late primary election campaign. Mr. Wilson has studied this question thoroughly and has improved every opportunity to explain the advantages to the members of the legislature and to urge state assistance for these schools and he is particularly gratified with the progress that has been made and he hopes for a complete realization of his plans.

In an interview given out today by Superintendent Wilson in regard to this innovation he says:

"One of the most important educational measures ever passed in this state is the bill appropriating \$2,000,000.00 as state aid for consolidated or union rural schools. I have discussed this measure with many of the most influential members of both houses and they are a unit in the opinion that this is one of the crowning efforts of Oklahoma to place her rural schools upon a plane with the schools in the best cities. The tendency has been to give too little attention to the country schools. The state schools of Oklahoma have been generously provided for by former legislatures. This step completes the system and makes a lead-way from the country school through the graded school to the higher state institutions. No better plan for bridging the chasm between the country schools and the state institutions could easily have been devised.

Would Man Target Ship.

Norfolk, Va., March 6.—A call for fifteen volunteers to remain aboard the battleship Texas while she is a target for the big guns of more modern battleships has been issued at the Norfolk navy yard. It is believed the squad of brave seamen willing to risk their lives will be three times the number needed.

According to the present plan the Texas will be anchored up Chesapeake Bay in order to reduce the risks the men will take and the collier Leonidas will be stationed only a few yards away, but outside the range, to rescue the men immediately the Texas begins to sink.

The fifteen volunteers will be stationed about the vessel to test the protective powers of the armor plate and also to prevent sinking if possible.

The fitting out of the Texas for the tests is now rapidly nearing completion. The greatest interest is being manifested by the men and officers.

Details of the plan for the test and the call for volunteers, it was thought, were well guarded from the public.

The commandant and other officers when asked relative to the proposed placing of men aboard the Texas evaded any direct answer. They

Shoots Negro Prisoner.

Shawnee, Ok., March 5.—Frenzied over the awful story told by his daughter, Mrs. Lydia Woods, 22 years old, a white woman, that she had been assaulted by a negro, C. F. Williams, well-to-do farmer, this morning shot the negro while he was in the custody of two deputies at the Rock Island station at McLoud, this county. The bullet passed through the negro's shoulder and it is thought that he will die. The assault occurred a mile from McLoud last night and the father and husband of the woman searched for the negro all last night. Sentiment of a lynching was expressed, but the officers succeeded in spiriting the negro to the

SUIT AGAINST CITY OF ADA

GREER INVESTMENT CO. WOULD
ENFORCE CLAIM FOR BYRD'S
MILL BONDS.

This morning the city officials were notified that through C. A. Galbraith, their attorney, the Greer Investment company of Oklahoma City, had filed suit against the mayor and council for the Byrd's Mill bonds. It was to this firm that the bonds were first awarded, but later the city council reconsidered the matter and made a contract with the Sutherland Company of Kansas City. It now seems that there will be some delay in getting the work under way.

Walter Carter says it certainly pays to read the ads in the News. He found a puzzle ad in last week's paper and he and his wife figured it out. This morning they received notice from the Armstrong-Byrd Musical Co., the firm doing the advertising, that the solution was correct and enclosing a due bill for \$101 to be applied on the purchase of a piano.

BAILEY'S "RESIGNATION."

Yesterday while in Texas the writ-
er found Bailey's so-called resigna-
tion from the senate the absorbing
question of the hour. Each faction

had its own version of the affair and
comments of all kinds were heard.

However, it is our private opin-
ion that it was all a grand stand
play. Had Cone Johnson been gov-
nor the egotistical senator would
never have dared to make such a
break. It looks to us very much like
Mr. Bailey was wanting the legisla-
ture of Texas to publicly shoulder
some of the criticism that is being
heaped upon him on account of his
stand for Lorimer. Bailey knew that
he had a majority in the legislature
and that with a man in the govern-
nor's chair who owed his elevation to
Bailey, and that there would at once
come from these a howl and a lot
of slushy protests, and that he could
go forth, on the strength of this
and claim vindication when an-
other campaign rolls around. In other
words, Bailey will claim that his
constituents are as deep in the mud
as he is in the mire. He is certainly
the champion four flusher of the
day.

The editor returned this morn-
ing from a trip to his old stamping
ground at Italy and Waxahachie,
Texas. Once more the aforesaid edi-
tor was impressed by the greatness
of the future of Oklahoma. The roomy
well built farm houses that dot the
prairies of that section are quite dif-
ferent from the shacks that some
of our old timers remember twenty-
five years ago. The general air of
prosperity causes one to feel good,
for it takes no stretch of the imagi-
nation to see the same conditions in
Pontotoc county within the next five
years. This section has many ad-
vantages not found down there and
if that part of the country can come
as it has, Pontotoc county will soon
pass it and the last log cabin of pion-
eer days be replaced with well built
farm houses which will be occupied
by farmers enjoying the full mea-
sure of prosperity that comes to those
who have the grit and determination
to fight out and overcome difficulties.
Once again the editor feels proud
that he lives in Oklahoma and hopes
to be here a quarter of a century
hence and be among those who have
won out by sticking to this coun-
try through difficulties.

Gov. Haskell in his New State Tri-
bune publishes a long editorial
eulogizing Gov. Colquitt of Texas
and winding up with an intimation
that Colquitt is of presidential size.
The question is now open for dis-
cussion whether Haskell is losing
some of his political keenness, or
whether he was simply hypnotized
by Colquitt on his recent trip to
Austin.

When the police force complete
their work of rounding up the gam-
blers and bootleggers of the town and
they seek greener fields of operation,
most other forms of lawlessness will
cease, for the root of the whole
trouble will have been torn up.

A Discouraged Playwright.

That no manager is able to predict
the success or failure of a play, is
clearly shown by the fact that the
author of "The Girl From Home,"
which comes to Ada on March 7 tried
for over two years to interest some
manager who would produce it. Not
one would consider it, one prominent
producer even going so far as to
predict that it would be a dire fail-
ure.

Discouraged and worn out, the
author determined to produce it
himself. Arrangements were made
for its "tryout" by a stock company
at the People's Theatre in Chicago
for one week.

It proved such an instantaneous
success, that it became necessary to
extend the engagement two weeks
longer in order to accommodate the
crowds, who flocked to see it.

In the meantime some of the man-
agers who had refused the play, sud-
denly awoke to the fact that another
"find" had slipped through their
fingers. This remarkable play will be
presented by a special cast of play-
ers headed by Miss Mary Carew.

Better Measurement of Water.

Chicago, Ill., March 4.—The mea-
surement of irrigation water will claim
special attention at the 19th meeting
of the National Irrigation congress
in Chicago, December 5 to 9 this year
and upon the suggestion of state En-
gineer Samuel H. Lea, of South Da-
kota, plans are being made for a
special exhibit of measuring devices.
State Engineer Lea says, "The next
step in irrigation work will be the
measurement of water. This is neces-
sary in order to check the present
wasteful methods of the use of wa-
ter in irrigation. If suitable means
are provided for the measurement of
irrigation water the result will be a
large increase over present irrigated
areas, using the same amount of wa-
ter. There will also be a decided im-
provement in irrigation methods, for
the reason that over-irrigation will
be largely prevented by the use of
meters."

COURT WILL TAKE UP CIVIL DOCKET TOMORROW

The criminal docket of the district
court was finished Saturday. During
the term there were eight convictions,
three pleas of guilty, two acquittals
and one mis-trial. The last named
case was afterwards dismissed. A
number of cases were dismissed and
others were continued until the next
term of court.

Judge McKeown is at Wewoka to-

cently held there. Tomorrow he will
go to Hugo to hold court for the re-
mainder of the week while Judge
Hardy will come to Ada and hold
court for Judge McKeown. The civil
docket will be taken up tomorrow
morning.

Fruit Outlook Not Encouraging.

Blackwell, Okla., March 6.—A state-
ment made today by the head of the
C. V. nurseries, one of the large nur-
series here, gives it that the fruit out-
look is not encouraging. The state-
ment follows:

The condition of the fruit buds in
Kay county is not flattering, owing
to the severe drought conditions un-
der which the trees were forced to
mature their burden of fruit in 1910.
This exhausted condition formed a
great abundance of fruitbuds, but of
very low vitality, so that the early
freeze in January had an easy task
of destroying them.

Apple, peach and pear show a low
per cent of live buds, from 10 to 25
per cent, each being the lowest. Cher-
ry and plum have fared better on
account of earlier maturing crops,
and greater drought-resisting power.
Cherry shows the largest per cent
of live buds, owing to a light crop
of early maturing fruit in 1910. No
doubt there are a few more favored
locations that may make a better
showing.

Small fruits have also suffered se-
verely, especially the strawberry.

W. L. Bentley of Shawnee arrived from the south this morning where he has been looking after his interests. He is much impressed with the future of Ada and we may yet have occasion to celebrate the completion of some enterprise that will help bring Ada to the front.

"The Girl from Home," which comes to Ada on Tuesday, March 7th, is a strong story of old Kentucky. The plot is well laid, and conforms closely to conditions, as they exist, in that locale. Miss Mary Carew will be seen in the title role, ably assisted by a picked cast of players. The special scenic effects from the studio of Harry Buhler, are said to be the works of art.

Moore & Klutsenbeker have opened a skating rink on 12th street west of the city hall. They will conduct a nice orderly place and invite you to visit them.

A delightful play of Kentucky life is "The Girl from Home" and you will thoroughly enjoy it from start to finish. A charming play, ably presented and finely staged, to be seen at the opera house on Tuesday, March 7th, with an excellent cast, which will be headed by Miss Mary Carew.

Will Move to Oklahoma City.
Duke Stone has decided to leave Ada and locate in Oklahoma City. He is having a residence built near the Culbertson capitol site and has rented rooms in the American National Bank building for his law office. He and his family will move to the city about the last of this month.

Duke came to Ada eight years ago and by hard work has built up a most excellent practice and established a reputation as one of the best lawyers of this section. He took an active part in all the fights leading up to statehood and always carried conviction with his arguments when he was on the stump. The News regrets exceedingly to see him leave, for he and the editor have been friends since their boyhood days.

Walter Owens and family, formerly of Ada, but now of Maysville, are visiting Mrs. Owen's parents, Mr. and Mrs. J. J. Dodds.

Mrs. Caroline Chapman Passes Away.
Mrs. Caroline Chapman, aged 82, died at the home of her son, John C. Chapman on Sunday morning early, March 5th.

Mrs. Chapman was born in South Carolina. Her father Barzilla Jay, settled in Hancock county, Indiana, when the country was yet a wilderness. In about 1849, the subject of this sketch was married to William H. Chapman.

The family moved to Illinois, and then to Red River county, Texas, and about 30 years ago settled near Ahloso, on what is now known as the Old Chapman farm. William H. Chapman, her husband, died a few years ago.

She had eight children only two of whom are now living, John Chapman of Ada, and Charley Chapman, of Clarksville, Texas.

Her history has been a most remarkable one. When the wife of her son Joseph died, leaving four orphan children, she took them to her own home and tenderly cared for them until maturity. When later Joseph married and died leaving five more orphans, she and her husband went to Indianapolis, picked up the little waifs, brought them home and cared for them until they took their flight out into the great wide world to fight the battle of life alone. Later, her son, William and his wife both died, leaving four more orphans, the children were taken to her home where they are cared for at the present time.

Hospitality was one of her many virtues, and kindness was the basic and guiding principle in her creed. No tramp or other person ever came to her door asking food and went away hungry.

The affection and devotion of her son John, for his aged mother as she was passing through the dark valley and shadow of death, were beautiful and touching even to the point of sublimity.

The remains were taken to Frisco this morning and were laid to rest in the cemetery at that place this afternoon.

A large number of friends were at the Katy depot this morning to show their respect to the deceased and her family, and quite a number accompanied the remains to their last resting place.

S. M. Dial and B. F. Ritter, prominent farmers of the Maxwell community, were in town this morning. Mr. Dial seems to have a grudge both at Mr. Ritter and the News reporter because of their single state of existence.

FOR SALE—Four room house on West Main street. W. P. Brinlee. 278-dtf

L. R. Clark, editor of the Francis Wigwag, and L. H. Davis, a prominent farmer of that section, were in town today. Mr. Davis has purchased a fine farm a few miles west of Ada and expects to move there in the fall.

L. T. WALTERS FOR THE SCHOOL BOARD

L. T. Walters is a handsome man, one of the best lookers in town in fact, and a fellow who generally makes a success of anything he tackles. He has not willingly tackled the job of school director for the First Ward, but his friends have taken advantage of his good nature and forced him into the race. He has had eight years as a teacher and ought to make an all round good trustee. At all events one handsome man is needed to set the school board off so Mr. Walters will likely be put on and made president of the board. Joking aside, gentlemen, he is a man extremely well qualified for the position.

J. B. Bailey and family have arrived and are living on 18th and Townsend. Mr. and Mrs. Bailey are the parents of Austin Bailey, who is traveling for the Hale-Halsell Company, and Mrs. Bailey is a sister of Mrs. W. B. Jones and Frank Meadors. Their former home was at Sulphur Springs, Tex.

Good Crop Prospects.

St. Louis, Mo., March 5.—Reports on agricultural indications, received by the Republic from all the great producing states of the middle west, the North, the Northwest, the West, the Southwest, the South and the Southeast, are exceptionally propitious.

Weather conditions have put the soil in the best shape and everything is favorable for large and good crops.

Interpretation of Reports.

Interpretation of the reports, obtained from authentic and reliable sources, leads to the conclusion that, while the crops may not be as large individually as last year, the pro-

duction will be more diversified and the total output will be immense.

Should this understanding of the reports not materialize the tendency would be toward comparatively high prices. At the same time the volume of the general agricultural production should afford employment to a vast army of laborers and cause such a distribution of the revenue as to vitalize trade.

All the crops, without exception, are stated to be at least as good as a year ago, with better soil conditions. In fact, it would not be surprising if the grain production should exceed the forecast, in which case prices would not be high.

THE DOCTOR'S QUESTION.

Much Sickness Due to Bowel Disorders.

A doctor's first question when consulted by a patient is, "Are your bowels regular?" He knows that 98 per cent of illness is attended with inactive bowels and torpid liver, and that this condition must be removed gently and thoroughly before health can be restored.

Rexall Orderlies are a positive, pleasant and safe remedy for constipation and bowel disorders in general. We are so certain of their great curative value that we promise to return the purchaser's money in every case when they fail to produce entire satisfaction.

Rexall Orderlies are eaten like candy, they act quietly, and have a soothing, strengthening, healing influence on the entire intestinal tract. They do not purge, gripe, cause nausea, flatulence, excessive looseness, diarrhoea or other annoying effect. They are especially good for children, weak persons or old folks. Two sizes, 25c and 10c. Sold only at our store—The Rexall Store, The Gwin & Mays Co.

Florida Mob Kills Negro.

Marina, Fla., March 5.—Calvin Baker, a negro who came here from Georgia recently, was shot to death by a mob at Cypress, a small town near here last night. Baker yesterday had threatened to shoot up the town, it is said, and attempted to shoot the Town marshal when that officer went to place him under arrest on the charge of disorderly conduct. Later he was arrested by a posse and placed in the lock up. Some time in the night a mob battered down the door of the jail and poured a fusillade of shots into Baker's body.

For hoarseness, inflamed lungs or irritating coughs, BALLARD'S HORE HOUND SYRUP is a healing balm. It does its work quickly and thoroughly. Price 25c, 50c and \$1.00 per bottle. Sold by Ramsey Drug Co.

GOV. DOUGLAS LIKES WORK.

"I'd Die if I Attempted to Retire," Says Veteran Shoe Man.

Ex-Governor William L. Douglas recently became reminiscent while a Times reporter was calling on him at his shoe plant office on Spark street.

"Times have changed," he ventured. "When I started in this business years ago I used to think I had to attend to every detail of it. I'd come in mornings and pore over every bit of my mail, then go out and be superintendent, then as like as not I'd take a hand at a foreman's job, and, if a salesman called, I would find myself acting in the capacity of buyer. In short, I had the idea I was the only man in the factory who could look after the details. I thought that it was the only way to conduct the business.

"What a great change now. Why, if I attempted to attend to details today I would be worn out. I have systemized the work, putting departments on a basis where the man in charge can look after them. What I do now is hold every man responsible for the results in his department. I care little for his methods so long as the results are satisfactory. Everything is different from what it was. The business is bigger. It's growing every day and it is only natural I should apply other methods than I did a quarter of a century ago. And every man does his work differently and better.

"It has been written," interrupted the reporter, "that stenographers and employees are getting so they are giving floral tributes to the boss nowadays. How about that?"

"Well, it isn't a common thing for me to find flowers on my desk," replied Mr. Douglas, "but occasionally someone leaves a bouquet for me upon my return from a vacation or long business trip."

"Have you ever thought of retiring, Mr. Douglas?"

"Retiring? me retire? Well, I should say not," he replied. "Do you suppose a man who has been in the harness as long as I have could retire? Why, I'd die if I attempted to relax to that extent. I love my work better than anything else."—From Brockton (Mass.) Times.

HARMON WILL MAKE A QUIET CAMPAIGN

Cincinnati, Ohio, March 5.—Gov. Judson Harmon of Ohio, who is considered one of the leading candidates for president of the United States by the democratic party, says that he will not answer any of the statements made to the newspapers of this country by William Jennings Bryan. He says, furthermore, that since Mr. Bryan has chosen to step into the ring and try to dictate what action the democratic party will take, he prefers to allow him free speech and all of the wishes. In other words he says that the action and not the words of any man should be taken to gauge his ability to handle any office and that he will allow his action to rest by themselves and not take part in the argument now being made by Mr. Bryan. Gov. Harmon has chosen Lieut. Gov. Hugh L. Nichols as his spokesman in all matters relating to his presidential candidacy.

"We will not be drawn into any arguments with Mr. Bryan or anybody else on the presidential matter," Mr. Nichols said here today. "This may seem a bit odd to some of the people, but it is the truth. A great many big men in this country have been pulled down to mediocrity by talking too much. However, this is one point where Gov. Harmon will outdistance them all. Any of the democrats of this country who do not like him have the free will to vote for him and he will ask them no questions, and he in turn will allow these arguments to go for naught and to keep on getting delegations to vote for him at the convention next summer."

A Mother's Lost Boy!

A piece of paper upon which the description of a lost boy is given, is found in the Allen Postoffice, as follows: Name William Hontley, aged 13; looks older, blue eyes, large nose, lip rather short, will be found on ranch likely. The advertisement states further that reasonable financial aid will be given party furnishing information.

The Hustler asks all papers to please copy. The boy's mother is heartbroken, and we can afford to give it publicity for her sake. It might be your boy next. Address any information to Deputy Sheriff J. S. Berry, Cambridge, Ohio.—Allen Hustler.

J. B. GAY FOR

CITY ASSESSOR

The News of Saturday the 4th contained the announcement of J. B. Gay for city assessor, and in this connection we take pleasure in saying that during Mr. Gay's five years residence in Ada he has thoroughly identified himself with every movement that had for its object the moral or financial welfare of the city.

Mr. Gay is progressive, trustworthy and conscientious in the discharge of duty and alert to every interest with which he is identified and the property owners as well as the city will feel that absolute justice will be done should he be elected.

The predicted growth of our city within the next few years together with improvements in progress and contemplated should cause every good citizen to exercise the utmost care in casting a vote for those who will manage her affairs and we commend the claims of Mr. Gay for your careful consideration.

TROUBLE AHEAD FOR

DR. LEO BENNETT

Oklahoma City, March 6.—Despite the apparent willingness of the senate investigating committee to accept the statement of Dr. Leo Bennett, that he intended no reflection on any member of the senate in the "graft" statement recently published over his signature, it seems highly probable that the incident is not yet closed. It seems to be the general consensus of opinion that the matter will be thoroughly threshed out, and every detail of the statement raked over.

The matter was the chief topic of discussion among the senators both on Saturday night and Sunday, and it now seems certain that the matter will be brought up in open senate Monday, at which time efforts will be made to secure action by the senate, demanding that Dr. Bennett either make a public apology, or that he be cited before the bar of the senate for contempt and sent to jail for the remainder of the session.

It is not possible for the sentence, in case there is one passed, to extend beyond the limits of the present session, but judging from the talk of the senators steps will be taken to bring the matter before the open senate.

A. T. Taylor Buried.

Yesterday afternoon A. T. Taylor of Francis, mention of whose death was made in Saturday's paper, was interred at the Cedar Grove cemetery, four miles east of Francis. The interment was under the direction of the Masonic, Odd Fellow and Woodmen fraternities. The following citizens of Ada attended the funeral. C. A. Powers and wife, T. J. Smith, L. E. Mitchell, A. J. Deaton and J. B. Gotcher.

Orebaugh-Massey.

Yesterday morning, at 11 o'clock, Dr. Rolla G. Sears spoke the words that united the lives and destinies of Mr. F. E. Orebaugh of Van Buren, Arkansas, and Miss Mattie Massey of Roff. The groom is a prominent jeweler at Van Buren, and the bride has been a resident of Roff until the time of her marriage.

Miss Zayda Campbell, the popular assistant in the office of the county judge, returned this morning from a visit to the Trout ranch below Roff.

Doctor Praises D. D. D.

Although an M. D., I acknowledge to my patients and patrons that your remedy, D. D. D., reaches cases of Eczema and permanently cures them.—Dr. Ira T. Gabbert, Coldwell, Kan.

"My cure began from the first application of D. D. D. My skin is now as smooth as a baby's. I wouldn't take a thousand dollars for what D. D. D. has done for me," writes August Santo, of Chillicothe, Ohio.

These are just samples of letters we are receiving every day from grateful patients all over the country.

"Worth its weight in gold." "All my pimples washed away by D. D. D." "I found instant relief." "D. D. D. is little short of miraculous." These are the words of others in describing the great skin remedy, D. D. D.

THE BEST KIND OF PROTECTION.

you can give your home is to install electricity. Burglaries seldom occur in homes where an up-to-date electric system is in use. By the simple pressure of a button, you can flood your home with light and no burglar will tarry long where he is likely to be seen. Also an electric burglar alarm system will announce any effort to force an opening. These are only two of the many uses to which electricity can be put to about your home.
